Adding warmth and reducing fuel costs

- Substantial savings for park homes heated by mains gas; if heated by LPG or oil, the savings are even higher
- A complete, effective solution for walls, floor and roof
- Install in all weathers
- Fast drying, fast finish, reduces installation time
- Tongue and Groove EPS insulation boards create a stronger joint and eliminates heat loss
- BBA approved rail frame system
- Robust for added stability and impact resistance, yet light and slim
- From insulation experts InstaGroup
